A Mid-Year Checkup Guide: ADHD At School

It may be a new year—but it is mid-year for those in school. Help your child avoid a mid-year slump with these eight tips ([click here to download the full version from our website](#))

- 1) Organize for Success
- 2) Set homework priorities
- 3) Create structure and rewards
- 4) Inspire test-taking confidence
- 5) Manage your child's meds
- 6) Advocate for your child
- 7) Seek additional help
- 8) Stay in touch

ADD and Loving it?!

This informative yet humorous documentary is a "must see" for anyone struggling with—or who wants to understand more about ADD.

Comedian Patrick McKenna seeks a diagnosis for Adult ADHD and learns the facts from an impressive array of experts including medical researchers, psychiatrists, psychologists, professors, and award-winning authors.

Funny, moving, and transformative, this fascinating documentary will hold you spellbound. Yes, even if you have ADHD!

DMCDL has a limited number of DVDs available for check-out by our patients.

It may also be purchased from the following site: <http://totallyadd.com/shop>

DMCDL Staff

Last month we said good-bye to a long-time staff member. Karen Hall, who has worked with Drs. Baker and Robinson for the past 25 years left us to begin teaching in a medical assistant program at Monrovia Adult School. Karen—we miss you and wish you the best in your new career path!

We are fortunate to have Brett Robinson (daughter of Dr. Ricki Robinson) working with us during this interim period while she is preparing to begin her Veterinary Medicine studies. Brett joins our experienced office staff Jennie Hanks and Bonnie Delaney in serving our patients and doctors.
