

Conference Co-Chairs:

Diane Lasell and Lourdes Nonato

The South Pasadena Council PTA Special Needs Committee works to provide information and support to parents of children with special needs, so they can help their children maximize their potential. We also collaborate with the school district to assist staff to most effectively help children. We work to provide information to all parents and community members about children with special needs, so that they may understand and support all children and work for adequate legislation and funding for children with special needs. We will also work to help all children understand and appreciate challenges faced by children with special needs.
